Part II. INFORMATION ABOUT THE SCHEME

A. HOW WILL THE SCHEME ALLOCATE ITS ASSETS?

The asset allocation pattern of the Scheme would be as follows:

Instruments	Indicative allocations (% of total assets)	
	Minimum	Maximum
Constituents of BSE Enhanced Value Index	95	100
Units of Liquid schemes/ debt schemes, debt and/or money market instruments	0	5

Money Market Instruments includes Commercial papers, Commercial bills, Treasury bills, Government securities having an unexpired maturity up to one year, call or notice money, certificate of deposit, Bills Rediscounting, Repos, Triparty Repo, usance bills, and any other like instruments as specified by the Reserve Bank of India from time to time.

The Scheme may take exposure to equity derivatives of the index itself or its constituent stocks may be undertaken when equity shares are unavailable, insufficient or for rebalancing in case of corporate actions for a temporary period. Other than for above purposes, the Scheme will not invest in Equity Derivatives. These investments would be for a short period of time i.e.7 days. Exposure towards Equity Derivatives instruments shall not exceed 20% of the net assets of the Scheme. If the exposure falls outside the above mentioned asset allocation pattern, the portfolio to be rebalanced by AMC within 7 days from the date of said deviation. The Fund shall not write options or purchase instruments with embedded written options. When constituent's securities of underlying Index are available again, derivative positions in these securities would be unwound.

The cumulative gross exposure through Constituents of BSE Enhanced Value Index, units of Liquid schemes/ debt schemes, debt and/or money market instruments, derivative positions, other permitted securities/assets and such other securities/assets as may be permitted by the Board from time to time will not exceed 100% of the net assets of the scheme, subject to approval if any.

The Scheme, in general, will hold all the securities that comprise of underline Index in the same proportion as the index. Expectation is that, over a period of time, the tracking error of the Scheme relative to the performance of the Underlying Index will be relatively low.

The Investment Manager would monitor the tracking error of the Scheme on an ongoing basis and would seek to minimize tracking error to the maximum extent possible. There can be no assurance or guarantee that the Scheme will achieve any particular level of tracking error relative to performance of the Underlying Index.

Pending deployment of funds as per investment objective may be parked in short term deposits of scheduled commercial banks, subject to guidelines and limits specified by SEBI.

Indicative Table

Sl. no	Type of Instrument	Percentage of exposure	Circular references*
1.	Securities Lending	The Scheme shall adhere to the following limits should it engage in Stock Lending. • Not more than 20% of the net assets of the Scheme can be deployed in Stock Lending. • Not more than 5% of the net assets of the Scheme can be deployed in Stock Lending to any single counter party (as may be applicable).	Subject to the SEBI (MF) Regulations and in accordance with Securities Lending Scheme, 1997, SEBI vide clause 12.11 and 2.3 of SEBI Master Circular No. SEBI/HO/IMD/ IMD-PoD-1 / P/ CIR / 2023/74 dated May 19, 2023, as may be amended from time to time,
2.	Equity Derivatives for non- hedging purposes	The Scheme may take an exposure to equity derivatives of constituents of the Underlying Index for short duration when securities of the Index are unavailable, insufficient or for rebalancing at the time of change in Index or in case of corporate actions or for hedging purposes, as permitted by SEBI/RBI. Exposure towards Equity Derivatives instruments shall not exceed 20% of the net assets of the Scheme. If the exposure falls outside the above mentioned asset allocation pattern, the portfolio to be rebalanced by AMC within 7 days from the date of said deviation. The Fund shall not write options or purchase instruments with embedded written options. When constituent's securities of underlying Index are available again, derivative positions in these securities would be unwound.	In accordance with clause 12.25 of Master Circular May 19, 2023.

Change in Asset Allocation

Subject to the Regulations, the asset allocation pattern indicated above for the Scheme may change from time to time, keeping in view market conditions, market opportunities, applicable regulations and political and economic factors. In the event that the asset allocation of the Scheme should deviate from the ranges as noted in the asset allocation table above, then the portfolio of the Scheme will be rebalanced by the Fund Manager to the position indicated in the asset allocation table above. Such changes in the asset allocation will be for short term and defensive considerations. In case of deviation, if any, from the asset allocation pattern, the AMC shall rebalance the portfolio within a period of 7 calendar days. Where the portfolio is not rebalanced within 7 calendar days, justification for the same shall be placed before the Investment Committee and reasons for the same shall be recorded in writing. The Investment Committee shall then decide on the course of action.

Portfolio rebalancing:

In case of change in constituents of the index due to periodic review, the portfolio of Index fund shall be rebalanced within 7 calendar days. Any transactions undertaken in the scheme portfolio of Index fund in order to meet the redemption and subscription obligations shall be done while ensuring that post such transactions replication of the portfolio with the index is maintained at all points of time.

B. WHERE WILL THE SCHEME INVEST?

The Scheme will invest in Equity and Equity related instruments including derivatives. The Scheme may invest its corpus in debt and Money Market Instruments.

For description of the instruments, please refer section II (A).

C. WHAT ARE THE INVESTMENT STRATEGIES?

The Scheme follows a passive investment strategy and seek to invest in the constituent of BSE Enhanced Value Total Return Index. The scheme aims to achieve returns equivalent to the benchmark subject to tracking error.

The scheme would invest in Constituents of BSE Enhanced Value Index, units of Liquid schemes/ debt schemes, debt and/or money market instruments as stated in the asset allocation table.

Portfolio Turnover

Portfolio Turnover is defined as the lower of sales or purchase divided by the average corpus during a specified period of time. The Scheme, being an open ended Scheme, it is expected that there would be a number of subscriptions and redemptions on a daily basis. However, it is difficult to measure with reasonable accuracy the likely turnover in the portfolio of the Scheme.

Tracking Error

Tracking error is defined as the standard deviation of the difference between the daily returns of the Underlying Index and the NAV of the Scheme. Theoretically, the corpus of the Scheme has to be fully invested in the securities comprising the Underlying Index in the same proportion of weightage as the securities have in the Underlying Index. However, it is not possible to invest as per the objective due to reason that the Scheme has to incur expenses, corporate actions pertaining to the Index including changes to the constituents, regulatory policies, ability of the Fund Manager to closely replicate the Underlying Index, lack of liquidity, etc. The Scheme's returns may therefore deviate from those of its Underlying Index. Tracking Error may arise due to the following reasons:

1. Fees and expenses of the Scheme.
2. Cash balance held by the Scheme due to dividend received, subscriptions, redemption, etc.
3. Halt in trading on the stock exchange due to circuit filter rules.
4. Corporate actions
5. The Scheme has to invest in the securities in whole numbers and has to round off the quantity of securities shares.
6. Delay in dividend payout, and withholding tax on dividend.
7. Changes in the constituents of the underlying Index. Whenever there are any changes, the Scheme has to reallocate its investment as per the revised Index but market conditions may not offer an opportunity to rebalance its portfolio to match the Index and such delay may affect the NAV of the Scheme.
8. Lack of Liquidity

The AMC would monitor the tracking error of the Scheme on an ongoing basis and would seek to minimize tracking error to the maximum extent possible. Under normal market circumstances, such tracking error is not expected to exceed by 2% p.a.

In case of unavoidable circumstances in the nature of force majeure, which are beyond the control of the AMC, the tracking error may exceed 2% and the same will be intimated to the Trustees with corrective actions taken by the AMC, if any.

Tracking Difference:

Tracking difference i.e. the annualized difference of daily returns between the index and the NAV of the Index fund will be disclosed on the website of the AMC and AMFI, on a monthly basis, for tenures 1 year, 3 years, 5 years, 10 years and since the date of allotment of units.

For detailed derivatives strategies, please refer SAI.

D. HOW WILL THE SCHEME BENCHMARK ITS PERFORMANCE?

The performance of the Scheme will be benchmarked against Nifty 200 Momentum 30 Total Return Index. As the Scheme is an Index Scheme and Nifty 200 Momentum 30 TR Index, is ideal benchmark for this scheme, since the investment objective of the scheme is replicate / track the performance of the index.

Total Return variant of the index (TRI) will be used for performance comparison.

vi. Investments of AMC in the Scheme

In accordance with Regulation 28(4) of SEBI (Mutual Funds) (Amendment) Regulations, 2014 the Sponsor or AMC has invested a portion of its assets into the Scheme as seed capital to the extent mandated and such seed capital will not be redeemed or withdrawn by the AMC until the winding up of the Scheme.

In addition to investments as mandated under Regulation 28(4) of the Regulations as mentioned above, the AMC may invest in the Scheme during the continuous offer period subject to the SEBI (MF) Regulations. The AMC shall not charge investment management fees on investment by the AMC in the Scheme.

Part III- OTHER DETAILS

A. COMPUTATION OF NAV

The Net Asset Value (NAV) per unit under the Scheme will be computed by dividing the net assets of the Scheme by the number of units outstanding on the valuation day. The Mutual Fund will value its investments according to the valuation norms, as specified in Schedule VIII of the SEBI (MF) Regulations, or such norms as may be specified by SEBI from time to time.

The Net Asset Value (NAV) of the units under the Scheme shall be calculated as follows:

$$\text{NAV (Rs.)} = \text{Market or Fair Value of Scheme's investments} + \text{Receivables} + \text{Accrued Income} + \text{Other Assets} - \text{Accrued Expenses} - \text{Payables} - \text{Other Liabilities}$$

No. of Units outstanding under Scheme on the Valuation Day

The NAV will be calculated up to four decimals.

The AMC will calculate and disclose the first NAV of the Scheme within a period of 5 business days from the date of allotment. Subsequently, the NAV shall be calculated and disclosed on each business day. The computation of NAV shall be in conformity with SEBI Regulations and guidelines as prescribed from time to time.

Illustration of NAV:

If the net assets of the Scheme, after considering applicable expenses, are Rs.10,45,34,345.34 and units outstanding are 10,00,0000, then the NAV per unit will be computed as follows:

$$10,45,34,345.34 / 10,00,000 = \text{Rs. } 10.4534 \text{ per unit (rounded off to four decimals)}$$

The repurchase price shall not be lower than 95% of the NAV. For other details such as policies w.r.t computation of NAV, rounding off, investment in foreign securities, procedure in case of delay in disclosure of NAV etc. refer to SAI.

B. NEW FUND OFFER (NFO) EXPENSES

These expenses are incurred for the purpose of various activities related to the NFO like sales and distribution fees, marketing and advertising, registrar expenses, printing and stationary, bank charges etc.

The NFO expenses were borne by the AMC.

C. ANNUAL SCHEME RECURRING EXPENSES

These are the fees and expenses for operating the Scheme. These expenses include but are not limited to Investment Management and Advisory Fee charged by the AMC, Registrar and Transfer agents' fees & expenses, marketing and selling costs etc.

The AMC has estimated that upto 1.00 % of the daily average net assets of the scheme will be charged to the scheme as expenses. For the actual current expenses being charged, the investor should refer to the website of the mutual fund.

The total expenses of the scheme excluding issue or redemption expenses, whether initially borne by the mutual fund or by the asset management company, but including the investment management and advisory fee as per Regulation 52(6) schemes shall not exceed 1.00 per cent of the daily net assets of the scheme as stated below and

are subject to inter-se change and may increase/decrease as per actuals, and/or any change in the Regulations:

Particulars	(% per annum to daily Net Assets)
Investment Management & Advisory Fees	Upto 1.00%
Custodial Fees	
Registrar & Transfer Agent Fees including cost related to providing accounts statement, dividend/redemption cheques/warrants etc.	
License fees / listing fees and other such expenses	
Cost towards investor education & awareness (1 bps)**	
Brokerage & transaction cost over and above 12 bps and 5 bps for cash and derivative market trades respectively	
Audit Fees / Fees and expenses of trustees	
Marketing & Selling Expenses	
Other expenses*	
Maximum total expense ratio (TER) permissible under Regulation 52 (6)	Upto 1.00%
Additional expenses under regulation 52 (6A) (c)	Upto 0.05%
Additional expenses for gross new inflows from specified cities under Regulation 52 (6A)(b)#	Upto 0.30%

*Any other expenses which are directly attributable to the Scheme, may be charged with approval of the Trustee within the overall limits as specified in the Regulations except those expenses which are specifically prohibited.

#Additional TER will be charged based on inflows only from retail investors\$ (other than Corporates and Institutions) from B 30 cities.

\$ As per clause 10.1.3 of SEBI Master Circular No. SEBI /HO/IMD/ IMD-PoD-1 / P/ CIR / 2023/74 dated May 19, 2023 , it has been decided that inflows of amount upto Rs. 2,00,000/- per transaction, by the individual investors shall be considered as inflows from retail investors.

** As per clause 10.1.16 of SEBI Master Circular No. SEBI /HO/IMD/ IMD-PoD-1 / P/ CIR / 2023/74 dated May 19, 2023, it has been decided that with effect from July 1, 2022, the charges applicable for investor education and awareness initiatives from ETFs/ Index Funds shall be 1bps of daily net assets of the scheme.

All scheme related expenses including commission paid to distributors, by whatever name it may be called and in whatever manner it may be paid, shall necessarily be paid from the scheme only within the regulatory limits and not from the books of the Asset Management Companies (AMC), its associate, sponsor, trustee or any other entity through any route. Provided that the expenses that are very small in value but high in volume may be paid out of AMC's books. Such expenses can be paid out of AMC's books at actuals or not exceeding 2 bps of respective scheme AUM, whichever is lower

However, the upfront trail commission shall be paid from AMC's books for inflows through SIPs from new investors as per the applicable regulations. The said commission shall be amortized on daily basis to the scheme over the period for which the payment has been made. A complete audit trail of upfronting of trail commissions from the AMC's books and amortization of the same to scheme(s) thereafter shall be made available for inspection. The said commission should be charged to the scheme as 'commissions' and should also account for computing the TER differential between regular and direct plans in each scheme.

The expenses towards Investment Management and Advisory Fees under Regulation 52 (2) and the various sub-heads of recurring expenses mentioned under Regulation 52 (4) of SEBI (MF) Regulations will be charged in line with SEBI Mutual Fund Regulations. Thus, there shall be no internal sub-limits within the expense ratio for expense

heads mentioned under Regulation 52 (2) and (4) respectively. Further, the additional expenses under Regulation 52(6A)(c) shall also be incurred towards any of the expense heads mentioned in the above regulation.

All fees and expenses charged in a direct plan (in percentage terms) under various heads including the investment and advisory fee shall not exceed the fees and expenses charged under such heads in a regular plan. The TER of the Direct Plan will be lower to the extent of the distribution expenses/commission which is charged in the Regular Plan and no commission for distribution of Units will be paid / charged under the Direct Plan.

In addition to expenses under Regulation 52(6) and (6A), AMC may charge GST on investment and advisory fees, expenses other than investment and advisory fees and brokerage and transaction cost as below:

1. GST on investment and advisory fees charged to the scheme will be in addition to the maximum limit of TER as prescribed in regulation 52 (6) of the SEBI Regulations.
2. GST on expenses other than investment and advisory fees, if any, shall be borne by the scheme within the maximum limit of TER as per regulation 52 of the SEBI Regulations.
3. GST on brokerage and transaction cost paid for execution of trade, if any, shall be within the limit prescribed under regulation 52 of the SEBI Regulations.

In addition to the limits as specified in Regulation 52(6) of SEBI (Mutual Funds) Regulations 1996 or the Total Recurring Expenses (Total Expense Limit) as specified above, the following costs or expenses may be charged to the scheme:

Additional TER can be charged up to 30 basis points on daily net assets of the scheme as per regulation 52 of SEBI (Mutual Funds) Regulations, 1996 (hereinafter referred to as Regulations), if the new inflows from beyond top 30 cities are at least (a) 30% of gross new inflows in the scheme or (b) 15% of the average assets under management (year to date) of the scheme, whichever is higher Provided that expenses charged under this clause shall be utilised for distribution expenses incurred for bringing inflows from such cities

In case inflows from beyond top 30 cities is less than the higher of (a) or (b) above, additional TER on daily net assets of the scheme shall be charged as follows:

$$\frac{\text{Daily net assets} \times 30 \text{ basis points} \times \text{New inflows from beyond top 30 cities}}{365 \times \text{Higher of (a) or (b) above}}$$

* 366, wherever applicable.

The top 30 cities shall mean top 30 cities based on Association of Mutual Funds in India (AMFI) data on 'AUM by Geography – Consolidated Data for Mutual Fund Industry' as at the end of the previous financial year.

The additional TER on account of inflows from beyond top 30 cities so charged shall be clawed back in case the same is redeemed within a period of 1 year from the date of investment.

Mutual funds/AMCs shall make complete disclosures in the half yearly report of Trustees to SEBI regarding the efforts undertaken by them to increase geographical penetration of mutual funds and the details of opening of new branches, especially at locations beyond top 30 cities.

As per AMFI letter no. 35P/ MEM-COR/ 85-a/ 2022-23 dated March 02, 2023 on B-30 Incentive Mechanism, AMC has been advised to keep the B-30 incentive structure in abeyance with effect from March 01, 2023 till any further guidelines regarding necessary safeguards are issued by SEBI. However, AMC will continue to accrue expenses in the mutual fund schemes under Regulation 52 (6A) (b) and make the payment of B-30 incentive in respect of new inflows received from B-30 locations prior to March 01, 2023.

Any expenditure in excess of the limits specified in the SEBI Regulations shall be borne by the AMC.

The Mutual Fund would update the current expense ratios on the website (www.motilaloswalmf.com) atleast three working days prior to the effective date of the change. Investors can refer to “Total Expense Ratio” section on <https://www.motilaloswalmf.com/downloads/mutual-fund/totalexpenseratio> for Total Expense Ratio (TER) details.

Illustration of impact of expense ratio on returns of the Scheme

Particulars	Regular Plan	Direct Plan
	Amount (Rs.)	
Amount Invested at the beginning of the year	10,000	10,000
Net asset before expenses	11,500	11,500
Expenses other than Distribution Expenses _0.15%	17.25	17,25
Distribution Expenses 0.50%	57.50	0.00
Returns after Expenses at the end of the Year	1,425.25	1,482.75

- The purpose of the above illustration is purely to explain the impact of expense ratio charged to the Scheme and should not be construed as providing any kind of investment advice or guarantee of returns on investments.
- It is assumed that the expenses charged are evenly distributed throughout the year. The expenses of the Direct Plan under the Scheme may vary with that of the Regular Plan under the Scheme.
- Calculations are based on assumed NAVs, and actual returns on your investment may be more, or less.
- Any tax impact has not been considered in the above example, in view of the individual nature of the tax implications. Each investor is advised to consult his or her own financial advisor.

D. LOAD STRUCTURE

Load is an amount which is paid by the investor to subscribe to the units or to redeem the units from the Scheme. This exit load charged (net of GST) will be credited back to the Scheme. Load amounts are variable and are subject to change from time to time. For the current applicable structure, please refer to the website of the AMC www.motilaloswalmf.com or may call at toll free no. 91 8108622222 and +91 2240548002 or your distributor.

Type of Load	Load chargeable (as %age of NAV)
Entry	NIL
Exit	1%- If redeemed on or before 15 days from the date of allotment. Nil- If redeemed after 15 days from the date of allotment.

The investor is requested to check the prevailing load structure of the Scheme before investing.

Any imposition or enhancement in the load structure shall apply on a prospective basis and in no case the same would affect the existing investors adversely. Bonus units and units issued on reinvestment of IDCWs shall not be subject to entry and exit load. No Load shall be imposed for switching between Options within the Scheme.

Under the Scheme, the AMC reserves the right to modify/alter the load structure if it so deems fit in the interest of smooth and efficient functioning of the scheme, subject to maximum limits as prescribed under the SEBI Regulations. The load may also be changed from time to time and in case of exit/redemption, load may be linked to the period of holding. The Redemption Price however, will not be lower than 95% of the NAV.

For any change in the load structure, the AMC would undertake the following steps:

1. The addendum detailing the changes will be attached to SID and Key Information Memorandum (KIM). The addendum will be circulated to all the distributors so that the same can be attached to all SID and KIM already in stock.
2. Arrangements shall be made to display the changes/modifications in the SID in the form of a notice in all Investor Service Centres and distributors/brokers offices.
3. The introduction of the exit load along with the details shall be stamped in the acknowledgement slip issued to the investors on submission of the application form and may also be disclosed in the statement of accounts issued after the introduction of such load.
4. The Fund shall display an Addendum in respect of such changes on its website (www.motilaloswalmf.com).
5. Any other measure that the Mutual Fund shall consider necessary

Section II

I. Introduction

A. **Definitions/interpretation**

For detailed description please refer <https://www.motilaloswalmf.com/download/sid-related-documents>

B. **Requirement of Minimum Investors in the Scheme**

In case the Scheme / Plan(s) does not have a minimum of 20 investors in the stipulated period, the provisions of Regulation 39(2)(c) of the SEBI (MF) Regulations would become applicable automatically without any reference from SEBI and accordingly the Scheme / Plan(s) shall be wound up and the units would be redeemed at applicable NAV. The two conditions mentioned above shall also be complied within each subsequent calendar quarter thereafter, on an average basis, as specified by SEBI. If there is a breach of the 25% limit by any investor over the quarter, a rebalancing period of one month would be allowed and thereafter the investor who is in breach of the rule shall be given 15 days' notice to redeem his exposure over the 25 % limit. Failure on the part of the said investor to redeem his exposure over the 25 % limit within the aforesaid 15 days would lead to automatic redemption by the Mutual Fund on the applicable Net Asset Value on the 15th day of the notice period. The Fund shall adhere to the requirements prescribed by SEBI from time to time in this regard.

C. **Risk factors**

Standard Risk Factors:

- Investment in Mutual Fund units involves investment risks such as trading volumes, settlement risk, liquidity risk, default risk including the possible loss of principal.
- As the price / value / interest rate of the securities in which the Scheme invests fluctuates, the value of your investment in the Scheme may go up or down depending on various factors and forces affecting the capital market/debt market.
- Past performance of the Sponsor/AMC/Mutual Fund does not guarantee future performance of the Scheme.
- Motilal Oswal BSE Enhanced Value Index Fund is the name of the Scheme and it does not in any manner indicate either the quality of the Scheme or its future prospects and returns.
- The Sponsor is not responsible or liable for any loss resulting from the operation of the Scheme beyond the initial contribution of Rs. 100,000 made by it towards setting up the Fund.
- The present Scheme is not a guaranteed or assured return Scheme.

Scheme Specific Risk Factors

The Scheme is subject to the principal risks described below. Some or all of these risks may adversely affect Scheme's NAV, trading price, yield, return and/or its ability to meet its objectives.

- **Risk associated with Investment in Units of mutual fund**

Investment in Mutual Fund Units involves investment risks such as trading volumes, settlement risk, liquidity risk, default risk including the possible loss of principal. As the price / value / interest rate of the securities in which the Scheme(s) invests fluctuates, the value of your investment in the Scheme(s) may go up or down depending on the various factors and forces affecting the capital markets and money markets.

- **Risks associated with Investing in Derivatives**

Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund

manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of the fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies.

Derivative products are specialized instruments that require investment techniques and risk analysis different from those associated with stocks. The use of a derivative requires an understanding not only of the underlying instrument but of the derivative itself. Derivatives require the maintenance of adequate controls to monitor the transactions entered into, the ability to assess the risk that a derivative adds to the portfolio and the ability to forecast price or interest rate movements correctly. There is a possibility that a loss may be sustained by the portfolio as a result of the failure of another party (usually referred to as the “counterparty”) to comply with the terms of the derivatives contract. Other risks in using derivatives include the risk of mispricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, rates and indices, illiquidity risk whereby the Scheme may not be able to sell or purchase derivative quickly enough at a fair price. The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments.

- **Risks associated with investing in Equities**

- a. Investments in the equity shares of the Companies constituting the Underlying Index are subject to price fluctuation on daily basis. The volatility in the value of equity is due to various micro and macro-economic factors like economic and political developments, changes in interest rates, etc. affecting the securities markets. This may have adverse impact on individual securities/sector and consequently on the NAV of Scheme.
- b. The Scheme would invest in the securities comprising the Underlying Index in the same proportion as the securities have in the Index. Hence, the risk associated with the corresponding Underlying Index would be applicable to the Scheme. The Underlying Index has its own criteria and policy for inclusion/exclusion of securities from the Index, its maintenance thereof and effecting corporate actions. The Fund would invest in the securities of the Index regardless of investment merit, research, without taking a view of the market and without adopting any defensive measures. The Fund would not select securities in which it wants to invest but is guided by the Underlying Index. As such the Scheme is not actively managed but is passively managed.
- c. **Risks of Total Return**
Dividends are assumed to be reinvested into the BSE Enhanced Value Index after the ex-dividend date of the constituents. However in practice, the dividend is received with a lag and after deducting applicable withholding tax, if applicable. This can lead to some tracking error.

- **Market Risk**

The Scheme’s NAV will react to stock market movements. The value of investments in the scheme may go down over a short or long period due to fluctuations in Scheme’s NAV in response to factors such as performance of companies whose stock comprises the underlying portfolio, economic and political developments, changes in government policies, changes in interest rates, inflation and other monetary factors causing movement in prices of underlying investments.

- **Concentration risk**

This is the risk arising from over exposure to few securities/issuers/sectors.

- **Passive Investments**

The Scheme is not actively managed. Since the Scheme is replicating the underlying index, it may be affected by a general decline in the respective markets relating to its underlying index. The Scheme as

per its investment objective invests in Securities which are constituents of its underlying index regardless of their investment merit. The AMC does not attempt to individually select stocks or to take defensive positions in declining markets.

- **Right to Limit Redemptions**

The Trustee, in the general interest of the unit holders of the Scheme offered under this SID and keeping in view of the unforeseen circumstances/unusual market conditions, may limit the total number of Units which can be redeemed on any Business Day subject to the guidelines/circulars issued by the Regulatory Authorities from time to time.

- **Risk Factors relating to Portfolio Rebalancing**

In the event that the asset allocation of the Scheme deviates from the ranges as provided in the asset allocation table in this SID, then the Fund Manager will rebalance the portfolio of the Scheme to the position indicated in the asset allocation table. However, if market conditions do not permit the Fund Manager to rebalance the portfolio of the Scheme then the AMC would notify the Board of the Trustee Company and the Investment Committee of the AMC with appropriate justifications.

- **Index Fund**

The Scheme being an index fund follows a passive investment technique and shall only invest in Securities comprising one selected index as per investment objective of the Scheme. The Fund Manager would invest in the Securities comprising the underlying index irrespective of the market conditions. If the Securities market declines, the value of the investment held by the Scheme shall decrease.

Risks Associated with Debt & Money Market Instruments

Price-Risk or Interest-Rate Risk: Fixed income securities such as bonds, debentures and money market instruments run price-risk or interest-rate risk. Generally, when interest rates rise, prices of existing fixed income securities fall and when interest rates drop, such prices increase. The extent of fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of interest rates.

Credit Risk

Credit Risk means that the issuer of a security may default on interest payments or even paying back the principal amount on maturity. (i.e. the issuer may be unable to make timely principal and interest payments on the security). Even where no default occurs, the prices of security may go down because the credit rating of an issuer goes down. It must be, however, noted that where the Scheme has invested in Government securities, there is no risk to that extent.

Liquidity or Marketability Risk: This refers to the ease with which a security can be sold at or near to its valuation yield-to-maturity (YTM). The primary measure of liquidity risk is the spread between the bid price and the offer price quoted by a dealer. Liquidity risk is today characteristic of the Indian fixed income market.

Reinvestment Risk: Investments in fixed income securities may carry reinvestment risk as interest rates prevailing on the interest or maturity due dates may differ from the original coupon of the bond. Consequently, the proceeds may get invested at a lower rate.

Pre-payment Risk: Certain fixed income securities give an issuer the right to call back its securities before their maturity date, in periods of declining interest rates. The possibility of such prepayment may force the fund to reinvest the proceeds of such investments in securities offering lower yields, resulting in lower interest income for the fund.

Spread Risk: In a floating rate security the coupon is expressed in terms of a spread or mark up over the benchmark rate. In the life of the security this spread may move adversely leading to loss in value of the portfolio. The yield of the underlying benchmark might not change, but the spread of the security over the underlying benchmark might increase leading to loss in value of the security.

Different types of securities in which the scheme would invest as given in the SID carry different levels and types of risk. Accordingly, the scheme's risk may increase or decrease depending upon its investment pattern. E.g. corporate bonds carry a higher amount of risk than Government securities. Further even among corporate bonds, bonds, which are AA rated, are comparatively more risky than bonds, which are AAA rated.

- **Risks associated with Segregated portfolio:**

The AMC / Trustee shall decide on creation of segregated portfolio of the Scheme in case of a credit event/actual default at issuer level. Accordingly, Investor holding units of segregated portfolio may not be able to liquidate their holding till the time recovery of money from the issuer. The Security comprised of segregated portfolio may not realise any value. Further, Listing of units of segregated portfolio in recognised stock exchange does not necessarily guarantee their liquidity. There may not be active trading of units in the stock market. Further trading price of units on the stock market may be significantly lower than the prevailing NAV.

- **Risks associated with investing in TREPS Segments**

The mutual fund is a member of securities and TREPS segments of the Clearing Corporation of India (CCIL). All transactions of the mutual fund in government securities and in TREPS segments are settled centrally through the infrastructure and settlement systems provided by CCIL; thus reducing the settlement and counterparty risks considerably for transactions in the said segments. The members are required to contribute an amount as communicated by CCIL from time to time to the default fund maintained by CCIL as a part of the default waterfall (a loss mitigating measure of CCIL in case of default by any member in settling transactions routed through CCIL). The mutual fund is exposed to the extent of its contribution to the default fund of CCIL at any given point in time. In the event that the default waterfall is triggered and the contribution of the mutual fund is called upon to absorb settlement/default losses of another member by CCIL, the scheme may lose an amount equivalent to its contribution to the default fund allocated to the scheme on a pro-rata basis.

- **Risks associated with Securities Lending**

Securities Lending is a lending of securities through an approved intermediary to a borrower under an agreement for a specified period with the condition that the borrower will return equivalent securities of the same type or class at the end of the specified period along with the corporate benefits accruing on the securities borrowed.

In case the Scheme undertakes stock lending as prescribed in the Regulations, it may, at times be exposed to counter party risk and other risks associated with the securities lending. Unitholders of the Scheme should note that there are risks inherent to securities lending, including the risk of failure of the other party, in this case the approved intermediary, to comply with the terms of the agreement entered into between the lender of securities i.e. the Scheme and the approved intermediary. Such failure can result in the possible loss of rights to the collateral put up by the borrower of the securities, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of any corporate benefits accruing to the lender from the securities lent. The Fund may not be able to sell such lent securities and this can lead to temporary illiquidity.

- **Tracking Error Risk**

The Fund Manager would not be able to invest the entire corpus exactly in the same proportion as in the underlying index due to certain factors such as the fees and expenses of the Scheme, corporate actions, cash balance and changes to the underlying index and regulatory restrictions, lack of liquidity which may result in Tracking Error. Hence it may affect AMC's ability to achieve close correlation with the underlying index of the Scheme. The Scheme's returns may therefore deviate from its underlying index. "Tracking Error" is defined as the standard deviation of the difference between daily returns of the underlying index and the NAV of the Scheme. The Fund Manager would monitor the Tracking Error of the Scheme on an ongoing basis and would seek to minimize the Tracking Error to the maximum extent possible. There can be no assurance or guarantee that the Scheme will achieve any particular level of Tracking Error relative to performance of the underlying Index.

- **Risk associated with Investment in Units of mutual fund**

Investment in Mutual Fund Units involves investment risks such as trading volumes, settlement risk, liquidity risk, default risk including the possible loss of principal. As the price / value / interest rate of the securities in which the Scheme(s) invests fluctuates, the value of your investment in the Scheme(s) may go up or down depending on the various factors and forces affecting the capital markets and money markets.

- **Trading through mutual fund trading platforms of BSE and/ or NSE**

In respect of transaction in Units of the Scheme through BSE and/ or NSE, allotment and redemption of Units on any Business Day will depend upon the order processing/settlement by BSE and/ or NSE and their respective clearing corporations on which the Mutual Fund has no control.

Risk Control

Risk is an inherent part of the investment function. Effective Risk management is critical to fund management for achieving financial soundness. Investment by the Scheme would be made as per the investment objective of the Scheme and in accordance with SEBI Regulations. AMC has adequate safeguards to manage risk in the portfolio construction process. Risk control would involve managing risk in order to keep in line with the investment objective of the Scheme. The risk control process would include identifying the risk and taking proper measures for the same. The system has incorporated all the investment restrictions as per the SEBI guidelines and enables identifying and measuring the risk through various risk management tools like various portfolio analytics, risk ratios, average duration and analyses the same and acts in a preventive manner.

D. Risk mitigation strategies

Risk Mitigation Strategies:

Risk and Description	Risk mitigates / management strategy
<u>Risks associated with Equity investment</u>	

<p><u>Market Risk</u> The Scheme is vulnerable to movements in the prices of securities invested by the Scheme, which could have a material bearing on the overall returns from the Scheme. The value of the underlying Scheme investments, may be affected generally by factors affecting securities markets, such as price and volume, volatility in the capital markets, interest rates, currency exchange rates, changes in policies of the Government, taxation laws or any other appropriate authority policies and other political and economic developments which may have an adverse bearing on individual securities, a specific sector or all sectors including equity and debt markets.</p>	<p>Market risk is inherent to an equity scheme. Being a passively managed scheme, it will invest in the securities included in its Underlying Index</p>
<p><u>Liquidity risk</u> The liquidity of the Scheme's investments is inherently restricted by trading volumes in the securities in which they invests.</p>	<p>The Scheme will try to maintain a proper asset-liability match to ensure redemption payments are made on time and not affected by illiquidity of the underlying stocks.</p>
<p><u>Tracking Error risk (Volatility/ Concentration risk):</u> The performance of the Scheme may not commensurate with the performance of the underlying Index viz. Nifty 200 Momentum 30 Total Return Index on any given day or over any given period.</p>	<p><u>Tracking Error risk (Volatility/ Concentration risk):</u> Over a short to medium period, the Scheme may carry the risk of variance between portfolio composition and Benchmark. The objectives of the scheme are too closely track the performance of the Underlying Index over the same period, subject to tracking error. The Scheme would endeavor to maintain a low tracking error by actively aligning the portfolio in line with the Index.</p>
<p><u>Derivatives Risk</u> As and when the Scheme trades in the derivatives market there are risk factors and issues concerning the use of derivatives since derivative products are specialized instruments that require investment techniques and risk analyses different from those associated with stocks and bonds.</p>	<p>Derivatives will be used in the form of Index Options, Index Futures and other instruments as may be permitted by SEBI. All derivatives trade will be done only on the exchange with guaranteed settlement. The AMC monitors the portfolio and regulatory limits for derivatives through its front office monitoring system. Exposure to derivatives of stocks or underlying index will be done based on requisite research. Exposure with respect to derivatives shall be in line with regulatory limits and the limits specified in the SID. No OTC contracts will be entered into.</p>
<p>Risks associated with money market investment</p>	

<p><u>Market Risk/ Interest Rate Risk</u> As with all fixed income securities, changes in interest rates may affect the Scheme's Net Asset Value as the prices of securities generally increase as interest rates decline and generally decrease as interest rates rise. Prices of long-term securities generally fluctuate more in response to interest rate changes than do short-term securities. Indian debt markets can be volatile leading to the possibility of price movements up or down in fixed income securities and thereby to possible movements in the NAV.</p>	<p>The Scheme may invest in money market instruments having relatively shorter maturity thereby mitigating the price volatility due to interest rate changes generally associated with long-term securities.</p>
<p><u>Liquidity or Marketability Risk</u> This refers to the ease with which a security can be sold at or near to its valuation yield- to maturity (YTM).</p>	<p>The Scheme may invest in money market instruments having relatively shorter maturity. While the liquidity risk for short maturity securities may be low, it may be high in case of medium to long maturity securities.</p>
<p><u>Credit Risk</u> Credit risk or default risk refers to the risk that an issuer of a fixed income security may default (i.e., will be unable to make timely principal and interest payments on the security).</p>	<p>Management analysis may be used for identifying company specific risks. Management's past track record may also be studied.</p>

E. SPECIAL CONSIDERATIONS

- Prospective investors should study this SID and SAI carefully in its entirety and should not construe the contents hereof as advice relating to legal, taxation, financial, investment or any other matters and are advised to consult their legal, tax, financial and other professional advisors to determine possible legal, tax, financial or other considerations of subscribing to or redeeming units, before making a decision to invest/redeem/hold units.

- The Mutual Fund may disclose details of the investor's account and transactions there under to those intermediaries whose stamp appears on the application form or who have been designated as such by the investor. In addition, the Mutual Fund may disclose such details to the bankers, as may be necessary for the purpose of effecting payments to the investor. The Fund may also disclose such details to regulatory and statutory authorities/bodies as may be required or necessary.
- MOAMC undertakes the following activities other than that of managing the Schemes of MOMF and has also obtained NOC from SEBI for the same:
 - a) MOAMC is a registered Portfolio Manager under SEBI (Portfolio Managers) Regulations, 1993 bearing registration number INP000000670 dated August 21, 2017.
 - b) MOAMC acts as an Investment Manager to the Schemes of Motilal Oswal Alternative Investment Trust and is registered under SEBI (Alternative Investment Funds) Regulations, 2012 as Category III AIF bearing registration number IN/AIF3/13-14/0044 and IN/AIF3/19-20/0799 respectively.
 - c) MOAMC has incorporated a wholly owned subsidiary in Mauritius which acts as an Investment Manager to the funds based in Mauritius.
 - d) MOAMC has incorporated a wholly owned subsidiary in India which currently undertakes Investment Advisory Services/Portfolio Management Services to offshore clients.

AMC confirms that there is no conflict of interest between the aforesaid activities managed by AMC. In the situations of unavoidable conflicts of interest, the AMC undertakes that it shall satisfy itself that adequate

disclosures are made of source of conflict, potential 'material risk or damage' to investor interest and develop parameters for the same.

- Apart from the above-mentioned activities, the AMC may undertake any business activities other than in the nature of management and advisory services provided to pooled assets including offshore funds, insurance funds, pension funds, provident funds, if any of such activities are not in conflict with the activities of the mutual fund subject to receipt of necessary regulatory approvals and approval of Trustees and by ensuring compliance with provisions of regulation 24(b) (i to viii). Provided further that the asset management company may, itself or through its subsidiaries, undertake portfolio management services and advisory services for other than broad based fund till further directions, as may be specified by the Board, subject to compliance with the following additional conditions: -
 - i) it satisfies the Board that key personnel of the asset management company, the system, back office, bank and securities accounts are segregated activity wise and there exist system to prohibit access to inside information of various activities;
 - ii) it meets with the capital adequacy requirements, if any, separately for each of such activities and obtain separate approval, if necessary under the relevant regulations.

Explanation: —For the purpose of this regulation, the term 'broad based fund' shall mean the fund which has at least twenty investors and no single investor account for more than twenty-five percent of corpus of the fund.

- The Trustee, in the general interest of the unit holders of the Scheme offered under this SID and keeping in view of the unforeseen circumstances/unusual market conditions, may limit the total number of Units which can be redeemed on any Business Day.
- As the liquidity of the Scheme's investments may sometimes be restricted by trading volumes and settlement periods, the time taken by the Fund for Redemption of Units may be significant in the event of an inordinately large number of Redemption requests. The Trustee has the right to limit redemptions under certain circumstances. Please refer to the section "Right to limit Redemption".
- Pursuant to the provisions of Prevention of Money Laundering Act, 2002 (PMLA), if after due diligence, the AMC believes that any transaction is suspicious in nature as regards money laundering, the AMC shall have absolute discretion to report such suspicious transactions to FIU-IND (Financial Intelligence Unit - India) or such other authorities as prescribed under the rules/guidelines issued thereunder by SEBI and/or RBI and take any other actions as may be required for the purposes of fulfilling its obligations under PMLA and rules/guidelines issued thereunder by SEBI and/or RBI without obtaining the prior approval of the investor/Unitholder/ any other person.
- Investors applying for subscription of Units directly with the Fund (i.e. not routed through any distributor/agent) hereinafter referred to as 'Direct Plan' will be subject to a lower expense ratio excluding distribution expenses, commission, etc and no commission for distribution of Units will be paid / charged under Direct Plan and therefore, shall not in any manner be construed as an investment advice offered by the Mutual Fund/AMC. The subscription of Units through Direct Plan is a facility offered to the investor only to execute his/her/ their transactions at a lower expense ratio. Before making an investment decision, Investors are advised to consult their own investment and other professional advisors.

- Compliance with Foreign Accounts Tax Compliance Act (FATCA) / Common Reporting Standards (CRS)

The Central Board of Direct Taxes (CBDT) has notified Rules 114F to 114H (pertaining to FATCA-CRS), as part of the Income-tax Rules, 1962, which require Indian financial institutions such as MOMF to seek additional personal, tax and beneficial owner information and certain certifications and documentation from its investors/unitholders. Please note that applications for account opening could be liable to be rejected where such FATCA-CRS related information or documentation is not provided.

In relevant cases, the Mutual Fund will have to, inter-alia, report account information (e.g. holdings, redemptions or IDCW) to tax authorities / other agencies, as may be required. In this respect, the Mutual Fund would rely on the relevant information provided by its Registrar and would also use its discretion.

The onus to provide accurate, adequate and timely information would be that of the investor. In this regard, any change in the information provided should be intimated to the Mutual Fund promptly, i.e., within 30 days by the investors/unitholders. Investors/unitholders should consult their own tax advisors for any advice on tax residency or any other aspects of FATCA –CRS. Please note that the Mutual Fund will be unable to provide any advice in this regard.

Creation of segregated portfolio:

A. Introduction:

SEBI vide clause 4.4.4 of SEBI Master Circular No. SEBI /HO/IMD/ IMD-PoD-1 / P/ CIR / 2023/74 dated May 19, 2023, has advised that portfolios by mutual fund schemes investing in debt and money market instruments should have provision in the concerned SID for creating portfolio segregation with a view to,

- 1) Reducing Sharp fall in NAV of Schemes.
- 2) Reducing Redemption pressure & liquidity risk,
- 3) Safeguarding good quality papers & creating confidence in market, and
- 4) Mitigating reputational risk.
- 5) Accordingly, this policy is being laid down to comply with the SEBI instructions

Segregated Portfolio: The portfolio comprising of debt and money market instruments, which might be affected by a credit event and shall also include the unrated debt or money market instruments affected by actual default.

Main Portfolio: Scheme portfolio excluding segregated portfolio

Total Portfolio: Scheme portfolio including the securities affected by credit events

B. Need for segregated portfolio:

While very stringent internal credit evaluation norms are being followed by AMC/Mutual Fund, the risk of credit downgrade in portfolio companies due to various factors cannot be ruled out. In the event of credit downgrade the downgrade instrument generally become illiquid making it very difficult for the fund manager to dispose of such instrument/s. In such an event segregation of such an instrument from the main portfolio will prevent the distressed asset(s) damaging the returns generated from more liquid and better-performing assets of the portfolio.

It also provides fair treatment to all existing, incoming and outgoing investors, as any recovery from the issuer in future would get distributed among those investors, who would have suffered a loss due to downgrade event.

C. Credit Events

Segregated portfolio may be created, in case of a credit event at issuer level i.e. downgrade in credit rating by a SEBI registered Credit Rating Agency (CRA), as under:

- 1) Downgrade of a debt or money market instrument to 'below investment grade', or
- 2) Subsequent downgrades of the said instruments from 'below investment grade', or
- 3) Similar such downgrades of a loan rating.

The most conservative rating shall be considered, if there is difference in rating by multiple CRAs, Creation of segregated portfolio shall be based on issuer level credit events as detailed at "Credit Events" and implemented at the ISIN level.

Actual default (for unrated debt or money market instruments)

In case of unrated debt or money market instruments, the actual default of either the interest or principal amount by the issuer.

On occurrence of any default, the AMC shall inform AMFI immediately about the actual default by the issuer. Subsequent to dissemination of information by AMFI about actual default by the issuer, the AMC might segregate the portfolio of debt or money market instruments of the said issuer.

D. Segregate portfolio creation process

Creation of segregated portfolio shall be optional and at the discretion of the AMC/ Trustees.

- a. The AMC may decide on creation of segregated portfolio on the day of credit event/ actual default (as applicable). Segregated portfolio has to be created at the issuer level i.e. the scheme having multiple segregated portfolios will have multiple segregated portfolios. Once decided, AMC shall
 - i. Seek Trustee prior approval,
 - ii. Issue a press release immediately mentioning its intention to segregate such debt and money market instrument and its impact to investors. It should also disclose that the segregation shall be subject to trustee approval. Additionally, the said press release to be prominently disclosed on the website of the AMC.
 - iii. The Trustee approval has to be secured in not more than one business day from the credit event/actual default date & meanwhile the subscription and redemption in the scheme shall be suspended for processing with respect to creation of units and payment on redemptions.
- b. On receipt of the Trustee approval –
 - i. the segregated portfolio shall be created effective from credit event/actual default date
 - ii. AMC shall issue press release immediately mentioning all details pertaining to the segregated portfolio. The said information shall also be submitted to SEBI.

- iii. An e-mail or SMS should be sent to all unit holders of the concerned scheme.
 - iv. The NAV of both segregated and main portfolio shall be disclosed from the day of the credit event/ Actual Default.
 - v. All existing investors in the scheme as on the day of the credit event/actual default date will be allotted equal number of units in the segregated portfolio as held in the main portfolio.
 - vi. No redemption or subscription will be allowed in the segregated portfolio/s. However, AMC shall enable the listing of the units of the segregated portfolio on recognized stock exchange within 10 working days from the date of its creation and shall also enable transfer of units on receipt of transfer request.
- c. If the trustees do not approve the proposal to segregate portfolio, AMC shall issue a press release immediately informing investors of the same.

E. Disclosure Requirements

Communication to the investors, NAV disclosure and other disclosure including scheme performance requirements for segregated portfolio shall be as per the norms specified in the above SEBI circular.

MOAMC will comply with all communication requirements /disclosure requirements prescribed by SEBI in an event of creation of segregated portfolio. This shall include disclosures of NAV, issue of account statement, press release announcing credit event and creation of segregated portfolio/s, Disclosure of segregated portfolio in (Monthly/Half Yearly) portfolio statement, etc.

The information regarding number of segregated portfolios created in a scheme shall appear prominently under the name of the scheme at all relevant places such as SID, KIM-cum-Application Form, advertisement, AMC and AMFI websites, etc.

If the Trustee rejects the segregated portfolio proposal then AMC to issue press release and inform the decision of the Trustee to investors, post which subscription and redemption applications will be processed based on the NAV of total portfolio.

F. Valuation of security:

From the date of credit downgrade to non-investment grade, the Security shall be valued based on principal of fair valuation & hair cut prescribed by the AMFI till the time valuation agency (ies) start providing valuation for the security.

The valuation of the instruments/portfolio shall be done based on the quote/price obtained from the independent valuation agency (ies). In cases where quote/price is not available from an independent agency, the Valuation Committee will decide the methodology for valuation of such instruments/portfolio.

All subscription and redemption requests for which NAV of the day of credit event/ Actual Default or subsequent day is applicable will be processed as per the existing circular on applicability of NAV as under:

- i. Upon trustees' approval to create a segregated portfolio –

- Investors redeeming their units will get redemption proceeds based on the NAV of main portfolio and will continue to hold the units of segregated portfolio.
- Investors subscribing to the scheme will be allotted units only in the main portfolio based on its NAV.
- ii. In case trustees do not approve the proposal of segregated portfolio, subscription and redemption applications will be processed based on the NAV of total portfolio.

G. Total Expense Ratio (TER) for segregated portfolio:

AMC shall not charge investment and advisory fees on the segregated portfolio.

TER (including legal charges and excluding the investment and advisory fees) shall be charged pro-rata basis only on upon recovery of investment in the segregated portfolio. The legal charges related to recovery of the investments of the segregated portfolio may be charged to the segregated portfolio in proportion to the amount of recovery. The maximum TER limit shall be same as applicable to the main portfolio. TER in excess of limit shall be borne by AMC. However, the costs related to segregated portfolio shall in no case be charged to the main portfolio.

The TER so levied shall not exceed the simple average of such expenses (excluding the investment and advisory fees) charged on daily basis on the main portfolio (in % terms) during the period for which the segregated portfolio was in existence.

H. Distribution of recovery:

Any recovery of investment of the segregated portfolio/s (including recovery after write-off) shall be distributed immediately to the investors in proportion to their holdings in the segregated portfolio/s.

I. Monitoring of segregated portfolio:

Trustees shall monitor the compliance of the SEBI Circular in respect of creation of segregated portfolio and disclosure in this respect shall be made in Half-Yearly Trustee reports to be filed with SEBI.

J. Evaluation of negative impact on the performance incentives:

In order to avoid mis-use of the segregated portfolio, Trustees will put in place a mechanism to evaluate the negative impact of such segregation, on the performance incentives of the Fund Managers, Chief Investment Officers (CIOs), etc. involved in the investment process of securities under the segregated portfolio, mirroring the existing mechanism for performance incentives of MOAMC., including claw back of such amount to the segregated portfolio of the scheme.

The amount forfeited shall be credited to the segregated portfolio of the concern scheme(s) in the ratio of value of the securities downgraded in the respective schemes before the credit event.

K. Action Taken Report:

AMC shall put sincere efforts to recover the bad investment. An Action Taken Report should be prepared and placed before the Board of Trustee meeting/s till the matter is finally resolved.

II. Information about the scheme:

A. Where will the scheme invest –

The scheme would invest in the securities comprising BSE Enhanced Value Total Return Index in the same proportion (weights) as in the index and track the benchmark index. The scheme may also invest in the money market instruments, in compliance with regulation to meet liquidity requirements.

Subject to the Regulations and other prevailing Laws as applicable, the corpus of the Scheme can be invested in any (but not exclusively) of the following securities:

- Equity and Equity related instruments including derivatives
- Units of Liquid Schemes and Money Market Instruments (including reverse repos, Commercial Deposit, Commercial Paper, Treasury Bills and Tri-Party Repos) permitted by SEBI/RBI or in alternative investment for the call money market as may be provided by RBI to meet the liquidity requirements.
- Derivative including Index Futures, Stock Futures, Index Options and Stock Options etc. and such other derivatives instruments permitted under Regulations.
- Any other instruments as may be permitted by RBI/SEBI under prevailing laws from time to time.

The investment restrictions and the limits are specified in the Schedule VII of SEBI Regulations which is mentioned in the section 'Investment Restrictions'.

The Securities mentioned above could be listed, unlisted, privately placed, secured, unsecured, rated or unrated and of any maturity. The Securities may be acquired through initial public offerings, secondary market operations, and private placement, rights offers or negotiated transactions.

Investment in Derivatives

The Scheme may take an exposure to equity derivatives of constituents of the Underlying Index when securities of the Index are unavailable, insufficient or for rebalancing at the time of change in Index or in case of corporate actions, for a short period of time. The total exposure to derivatives would be restricted to 20% of the net assets of the Scheme.

The Scheme may use derivative instruments such as stock futures and options contracts, warrants, convertible securities, swap agreements or any other derivative instruments that are permissible or may be permissible in future under applicable regulations and such investments shall be in accordance with the investment objective of the Scheme.

Limit for investment in derivatives instruments

In accordance with clauses 7.5.1.5 and 12.25 of SEBI Master Circular No. SEBI /HO/IMD/ IMD-PoD-1 / P/ CIR / 2023/74 dated May 19, 2023, the following conditions shall apply to the Scheme's participation in the Derivatives market. The investment restrictions applicable to the Scheme's participation in the Derivatives market will be as prescribed or varied by SEBI from time to time. . The Scheme shall under normal circumstances not have exposure of more than 20% of its net assets in derivative instruments.

i. Position limit for the Mutual Fund in index options contracts

1. The Mutual Fund's position limit in all index options contracts on a particular underlying index shall be Rs. 500 crore or 15% of the total open interest of the market in index options, whichever is higher, per Stock Exchange.
2. This limit would be applicable on open positions in all options contracts on a particular underlying index.

ii. Position limit for the Mutual Fund in index futures contracts

1. The Mutual Fund's position limit in all index futures contracts on a particular underlying index shall be Rs. 500 crore or 15% of the total open interest of the market in index futures, whichever is higher, per stock Exchange.
2. This limit would be applicable on open positions in all futures contracts on a particular underlying index.

iii. Position limit for the Mutual Fund for stock based derivative contracts:

- The Mutual Fund position limit in a derivative contract on a particular underlying stock, i.e. stock option contracts and stock futures contracts will be as follows:-
- The combined futures and options position limit shall be 20% of the applicable Market Wide Position Limit (MWPL).

iv. Position limit for the Scheme:

1. For stock option and stock futures contracts, the gross open position across all derivative contracts on a particular underlying stock of the Scheme shall not exceed the higher of:
1% of the free float market capitalisation (in terms of number of shares) or 5% of the open interest in the derivative contracts on a particular underlying stock (in terms of number of contracts).

2. This position limits shall be applicable on the combined position in all derivative contracts on an underlying stock at a stock exchange.
3. For index based contracts, the Fund shall disclose the total open interest held by its scheme or all schemes put together in a particular underlying index, if such open interest equals to or exceeds 15% of the open interest of all derivative contracts on that underlying index.

As and when SEBI amends the limits in position limits for exchange traded derivative contracts in future, the aforesaid position limits, to the extent relevant, shall be read as if they were substituted with the SEBI amended limits.

Risk Associated with these Strategies

- The risk of mis-pricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.
- Execution Risk: The prices which are seen on the screen need not be the same at which execution will take place.

B. What are the investment restrictions?

The following are the investment restrictions as contained in the Seventh Schedule and amendments thereof to SEBI (MF) Regulations which are applicable to the Scheme at the time of making investments:

1. The Mutual Fund shall buy and sell securities on the basis of deliveries and shall in all cases of purchases, take delivery of relevant securities and in all cases of sale, deliver the securities:

Provided further that the Mutual Fund may engage in securities lending and borrowing specified by the Board.

Provided further that a Mutual Fund may enter into derivatives transactions in a recognized stock exchange, subject to the framework specified by the SEBI:

2. The Mutual Fund shall get the securities purchased or transferred in the name of the Mutual Fund on account of the concerned scheme, wherever investments are intended to be of long-term nature.
3. The Mutual Fund under all its schemes shall not own more than 10% of any company's paid up capital carrying voting rights. For the purpose of determining the above limit, a combination of positions of the underlying securities and stock derivatives will be considered.
4. Transfers of investments from one scheme to another scheme in the same Mutual Fund shall be allowed only if,
 - (a) such transfers are done at the prevailing market price for quoted instruments on spot basis.
[Explanation - "Spot basis" shall have same meaning as specified by stock exchange for spot transactions;]
 - (b) the securities so transferred shall be in conformity with investment objective of the scheme to which such transfer has been made and the Policy on Inter Scheme Transfer prepared in compliance with clause 12.30 of SEBI Master Circular No. SEBI /HO/IMD/ IMD-PoD-1 / P/ CIR / 2023/74 dated May 19, 2023 as amended from time to time.
5. The Scheme may invest in another scheme under the same asset management company or any other Mutual Fund without charging any fees, provided that aggregate inter-scheme investment made by all schemes under the same management or in schemes under the management of any other asset management company shall not exceed 5% of the net asset value of the Mutual Fund.

6. The provisions of clause 12.16 of SEBI Master Circular No. SEBI /HO/IMD/ IMD-PoD-1 / P/ CIR / 2023/74 dated May 19, 2023 pertaining to pending deployment of funds of a Scheme in terms of investment objectives of the Scheme, will not apply to term deposits placed as margins for trading in cash and derivatives market
7. Pending deployment of funds of a Scheme in terms of investment objectives of the Scheme, the Mutual Fund may invest the funds of the scheme in short-term deposits of scheduled commercial banks, subject to the following guidelines issued by SEBI and as may be amended from time to time.

Pursuant to clause 12.16 of SEBI Master Circular No. SEBI /HO/IMD/ IMD-PoD-1 / P/ CIR / 2023/74 dated May 19, 2023, where the cash in the scheme is parked in short term deposits of Scheduled Commercial Banks pending deployment, the scheme shall abide by the following guidelines:

- (a) "Short Term" for such parking of funds by the Scheme shall be treated as a period not exceeding 91 days. Such short-term deposits shall be held in the name of the Scheme.
 - (b) The Scheme shall not park more than 15% of net assets in short term deposit(s) of all the scheduled commercial banks put together. However, such limit may be raised to 20% with prior approval of the Trustees.
 - (c) Parking of funds in short term deposits of associate and sponsor scheduled commercial banks together shall not exceed 20% of total deployment by the Mutual Fund in short term deposits.
 - (d) The Scheme shall not park more than 10% of the net assets in short term deposit(s), with any one scheduled commercial bank including its subsidiaries.
 - (e) The Scheme shall not park funds in short term deposit of a bank which has invested in that Scheme. Trustees/AMCs shall also ensure that the bank in which a scheme has STD do not invest in the said scheme until the scheme has STD with such bank
 - (f) The AMC will not charge any investment management and advisory fees for funds under a Plan parked in short term deposits of scheduled commercial banks.
 - (g) The above provisions will not apply to term deposits placed as margins for trading in cash and derivatives market.
8. The Scheme shall not make any investment in:
 - (a) any unlisted security of an associate or group company of the sponsor; or
 - (b) any security issued by way of private placement by an associate or group company of the sponsor; or
 - (c) the listed securities of group companies of the sponsor which is in excess of 25 per cent of the net assets.
 9. A mutual fund scheme shall not invest in unlisted debt instruments including commercial papers, except Government Securities and other money market instruments.
Provided that Mutual Fund Schemes may invest in unlisted non-convertible debentures up to a maximum of 5% of the debt portfolio of the scheme subject to such conditions as may be specified by the Board from time to time:
Provided further that mutual fund schemes shall comply with the norms under this clause within the time and in the manner as may be specified by the Board.
Provided further that the norms for investments by mutual fund schemes in unrated debt instruments shall be specified by the Board from time to time.
 10. The Scheme shall not make any investment in any fund of funds scheme.
 11. The Mutual Fund may borrow to meet liquidity needs, for the purpose of repurchase, redemption of units or payment of interest or IDCW to the Unitholders and such borrowings shall not exceed 20% of the net asset of the Scheme and duration of the borrowing shall not exceed 6 months. The Mutual Fund may borrow from permissible entities at prevailing market rates and may offer the assets of the Mutual Fund as collateral for such borrowing.

12. No term loans will be advanced by the Scheme.
13. No sponsor of a mutual fund, its associate or group company including the asset management company of the fund, through the schemes of the mutual fund or otherwise, individually or collectively, directly or indirectly, have -
 - a. 10% or more of the share-holding or voting rights in the asset management company or the trustee company of any other mutual fund; or
 - b. representation on the board of the asset management company or the trustee company of any other mutual fund.

The Scheme will comply with any other Regulations applicable to the investments of Mutual Funds from time to time.

All investment restrictions shall be applicable at the time of making investments. The AMC may alter these limitations/objectives from time to time to the extent the SEBI Regulations change so as to permit Scheme to make its investments in the full spectrum of permitted investments to achieve its investment objective. The Trustees may from time to time alter these restrictions in conformity with the SEBI Regulations.

Compliance w.r.t. clause 3.4 of SEBI Master Circular No. SEBI /HO/IMD/ IMD-PoD-1 / P/ CIR / 2023/74 dated May 19, 2023 - Portfolio Concentration Norms for Equity Exchange Traded Funds (ETFs) and Index Funds:

In order to address the risk related to portfolio concentration in ETFs and Index Funds, it has been decided to adopt the following norms:

- a) The index shall have a minimum of 10 stocks as its constituents.
- b) For a sectoral/ thematic Index, no single stock shall have more than 35% weight in the index. For other than sectoral/ thematic indices, no single stock shall have more than 25% weight in the index.
- c) The weightage of the top three constituents of the index, cumulatively shall not be more than 65% of the Index.
- d) The individual constituent of the index shall have a trading frequency greater than or equal to 80% and an average impact cost of 1% or less over previous six months.

With respect to the above, Motilal Oswal BSE Enhanced Value Index Fund ensures compliance with the aforesaid norms.

Restrictions, if any, on the right to freely retain or dispose of units being offered.

The Trustee may, in the general interest of the Unitholders of the Scheme and when considered appropriate to do so based on unforeseen circumstances/unusual market conditions, impose restriction on redemption of Units of the Schemes. The following requirements will be observed before imposing restriction on redemptions:

Restriction may be imposed when there are circumstances leading to a systemic crisis or event that severely constricts market liquidity or the efficient functioning of markets such as:

Liquidity issues - when market at large becomes illiquid affecting almost all securities rather than any issuer specific security. AMC's should have in place sound internal liquidity management tools for schemes. Restriction on redemption cannot be used as an ordinary tool in order to manage the liquidity of a scheme. Further, restriction on redemption due to illiquidity of a specific security in the portfolio of a scheme due to a poor investment decision shall not be allowed.

Market failures, exchange closures - when markets are affected by unexpected events which impact the functioning of exchanges or the regular course of transactions. Such unexpected events could also be related to political, economic, military, monetary or other emergencies.

Operational issues - when exceptional circumstances are caused by force majeure, unpredictable operational problems and technical failures (e.g. a black out). Such cases can only be considered if they are reasonably unpredictable and occur in spite of appropriate diligence of third parties, adequate and effective disaster recovery procedures and systems

Restriction on redemption may be imposed for a specific period of time not exceeding 10 working days in any 90 days' period.

Any such imposition requires specific approval of Board of AMC's and Trustees and the same shall be immediately informed to SEBI.

When restriction on redemption is applied the following procedure shall be followed:

Redemption requests upto Rs. 2lakh will not be subject to such restriction.

	<p>In case of redemption requests above Rs. 2 lakhs, the AMC shall redeem the first Rs. 2 lakhs without restriction and remaining part over above be subject to such restriction.</p> <p>Units of the Scheme which are issued in demat (electronic) form will be transferred and transmitted in accordance with the provisions of SEBI (Depositories and Participants) Regulations, as may be amended from time to time.</p> <p>Right to Limit Fresh Subscription The Trustees reserves the right at its sole discretion to withdraw / suspend the allotment / Subscription of Units in the Scheme temporarily or indefinitely, at the time of NFO or otherwise, if it is viewed that increasing the size of such Scheme may prove detrimental to the Unit holders of such Scheme. An order to Purchase the Units is not binding on and may be rejected by the Trustees or the AMC unless it has been confirmed in writing by the AMC and/or payment has been received.</p> <p>Physical Units which are held in the form of account statement: Additions/deletion of names in case of Units held in other than demat mode in the form of account statement will not be allowed under any folio of the Scheme. However, on request from the Unitholder, Unit certificates will be issued in lieu of account statement for the same. The AMC will issue a Unit certificate to the applicant within 5 Business Days of the receipt of request for the certificate. Unit certificate, if issued, must be duly discharged by the Unit holder(s) and surrendered along with the request for redemption/switch or any other transaction of Units covered therein. The AMC shall, on production of instrument of transfer together with relevant unit certificates, register the transfer and return the unit certificate to the transferee within thirty days from the date of such production.</p> <p>The above provisions in respect of deletion of names will not be applicable in case of death of Unit holder (in respect of joint holdings) as this is treated as transmission of Units and not transfer.</p>
